If we determine that your request is not subject to an exemption, we will comply with your request upon verification of your identity and, to the extent applicable, the identity of the California resident on whose behalf you are making such request. Our verification process may differ depending on whether you maintain a password-protected account with us. Please see the following section for a description of the right to opt-out of the sale of personal information.

NOTICE OF RIGHT TO OPT-OUT OF SALE OF PERSONAL INFORMATION

Your Right

If you are a California resident, you have the right to direct a business that sells (or may in the future sell) your Personal Information to stop selling your Personal Information or to refrain from doing so in the future.

The CCPA defines “sell” to mean selling, renting, releasing, disclosing, disseminating, making available, transferring, or otherwise communicating orally, in writing, or by electronic or other means, a California resident’s Personal Information to another business or a third party for monetary or other valuable consideration.

How to Submit a Request to Opt-Out

You may submit a request to opt-out by sending an email to support@AI Concepts.io.

How We Process a Request to Opt-Out

We will act upon your request to opt-out within 15 days from the date that you submit the request. The CCPA does not require that we verify the identity of individuals who submit requests to opt-out of sales. However, we may deny the request if we have a good faith, reasonable, and documented belief that the request is fraudulent. If we deny the request on this basis, we will notify the requesting party and provide an explanation as to why we believe the request to be fraudulent.

RIGHT TO NON-DISCRIMINATION FOR THE EXERCISE OF A CALIFORNIA RESIDENT'S PRIVACY RIGHTS

We will not discriminate against California residents if they exercise any of the rights provided in the CCPA as described in this section "Notice to California Residents." As such, we will not deny goods or services to that California resident; charge different prices or rates for goods or services, including through the use of discounts or other benefits or imposing penalties; provide a different level or quality of goods or services to the California resident; or suggest that the California resident will receive a different price or rate for goods or services or a different level or quality of goods or services. However, we are permitted to charge a California resident a different price or rate, or provide a different level or quality of goods or services, if that difference is reasonably related to the value provided to us by that resident's scope of use of our services.

AUTHORIZED AGENTS

California residents may use an authorized agent to submit a request to know, delete or opt-out of sales on your behalf. If you use an authorized agent to submit a request to know or request to delete, we may require that (1) the authorized agent provide proof of your written permission and (2) you verify your identity directly with us. The requirements do not apply if you have provided the authorized agent with a power of attorney pursuant to California Probate Code sections 4000 to 4465.

If you use an authorized agent to submit a request to opt-out of sales, you will need to provide that authorized agent with written permission to do so and submit written proof to us that the agent has been authorized to act on your behalf.
